

Award Winning Service

Connecting Currency

A scenic view of a lavender field with a stone building and a red circular graphic overlay. The background shows a dense forest of green trees. In the foreground, there is a field of purple lavender flowers. On the right side, there is a stone building with a tiled roof. A large red circular graphic is overlaid on the left side of the image, containing the text and a quote icon.

“

Consistently Excellent

I have used TorFX for nearly 5 years now. From major transfers to smaller ones, the service works like a finely tuned machine. Daily market updates are excellent, systems and communication excellent and all the staff are friendly, helpful and professional.

Connecting Currency

There are a number of reasons why people have to engage with foreign currency exchange, from emigrating to buying/selling a property overseas or transferring wages abroad.

If you've never had to deal with foreign exchange before, the process can seem a little daunting and even if you're a dab hand you may find that organising your international money transfers isn't as straightforward as you'd like.

At TorFX we don't believe foreign exchange should be complicated. We think connecting currency should be stress-free, simple and cost-effective.

About Us

We've got to know over 50,000 private customers and helped them maximise both large and small international currency transfers

TorFX has been taking a personal approach to foreign exchange since 2004. In that time we've got to know over 50,000 private customers and helped them get the most from both large and small international currency transfers.

Every transfer matters to us and we work hard to build the sort of relationships which turn first time traders into lifetime customers, but what else do we offer?

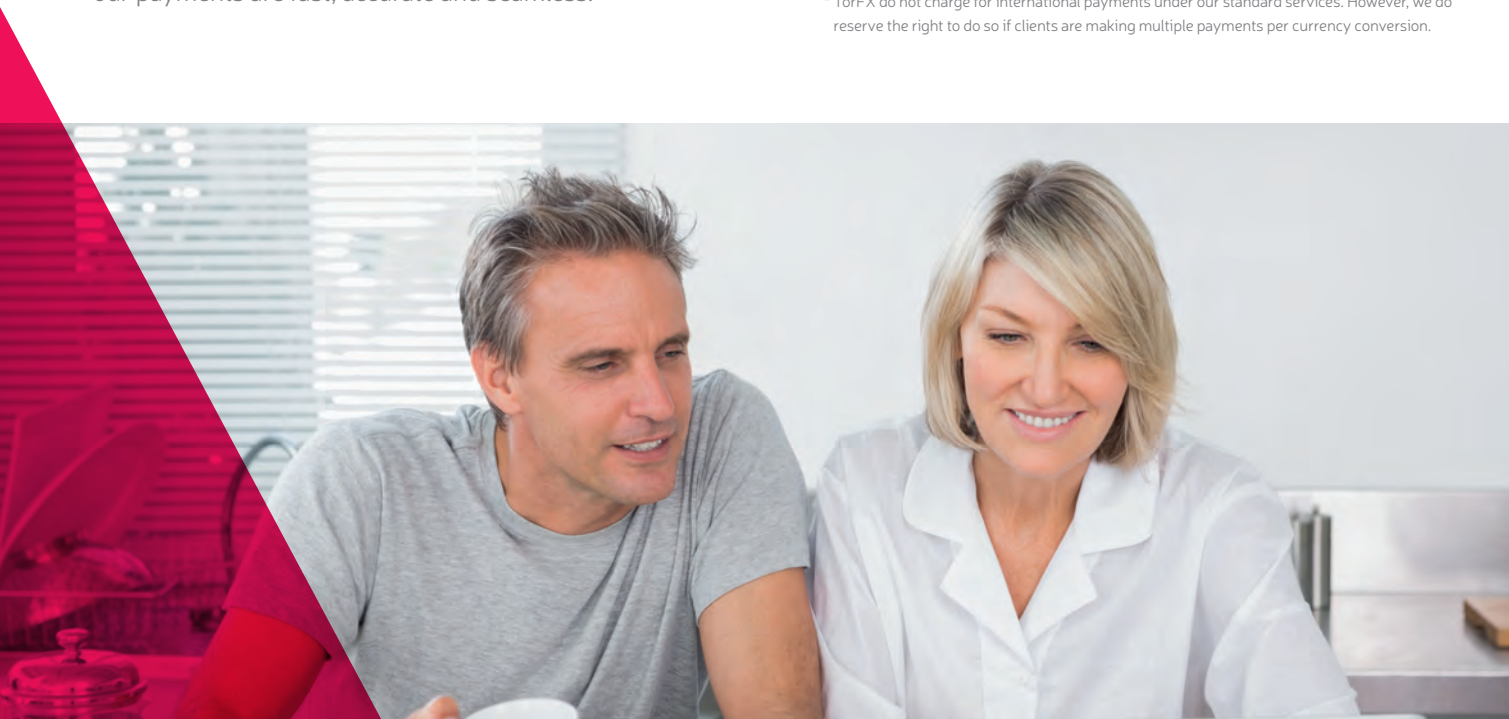

- **Step-by-Step Personal Support** – Dedicated Account Managers take the time to understand your needs, monitor the markets on your behalf and offer guidance through every stage of the transfer.
- **Competitive Exchange Rates** – Our highly competitive exchange rates can help you save a considerable amount on your foreign currency transfers.
- **Free, Fast Transfers** – Not only will we give you excellent exchange rates, but we won't charge you for making your international payments*. With direct connectivity to SWIFT our payments are fast, accurate and seamless.

- **Award Winning Service** – Our customer-first approach saw us win the Moneyfacts Consumer awards for International Money Transfer Provider of the Year and Best Customer Service in both 2016 and 2017.

Want to know more? Here are our key facts!

- Our group processes in excess of 3 billion Pounds in foreign exchange and international payments per annum.
- With offices in the UK, mainland Europe, Australia, the USA and South Africa our group employs over 300 highly-skilled financial services employees.
- We hold the highest credit rating with Dun & Bradstreet and are authorised as an Electronic Money Institution (EMI) by the FCA.
- Ensuring the security of client funds is of paramount importance to us, which is why we operate safeguarded accounts in accordance with payment service regulations.

* TorFX do not charge for international payments under our standard services. However, we do reserve the right to do so if clients are making multiple payments per currency conversion.

Transfer **With TorFX**

An individual approach

As we know no two customers are the same, we like to take an individual approach to managing their requirements – and that's where our dedicated Account Managers come in. Every customer is assigned their own personal point of call, a friendly currency expert who's on hand to offer support, guidance and regular updates every step of the way.

Feedback from our customers has helped us win a number of prestigious national awards and shown us how much they value the personal touch, but we also understand that people like to manage their money their way. Consequently, at TorFX we provide a swift and secure online transfer service and App which customers can access at any time of the day or night.

24/7 currency transfers

By opening an online account you can benefit from: 24/7 transfers, access to live exchange rates, the ability to monitor the status of your payments and the option of tracking your transfer history. Making international currency transfers in over 30 currencies has never been simpler.

Registering with us is quick, easy and free, and comes with no obligation to trade. You can register as a customer online or over the phone and once your account is set up you can start transferring money overseas straight away.

Our Services

By offering customers access to a range of services which can be tailored to suit their individual requirements, we aim to help them make the most out of every hassle-free currency transfer.

Whether you've got one large lump sum to send abroad or regular overseas payments to manage, we can help.

So what are some of the services we provide?

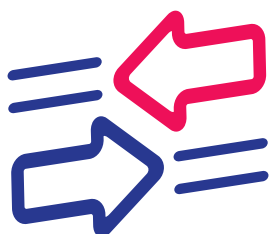

Spot Contract

With this form of contract currencies are exchanged 'on the spot' – meaning we secure you the most competitive exchange rate available whenever you need to buy or sell a currency for immediate settlement.

Forward Contract

Forward contracts can be particularly useful when budgeting for a future currency exchange as they allow you to fix a rate in advance. With TorFX you can fix the rate up to two years before you need to send or receive the currency, giving you far greater flexibility and security.

Forward contracts can be particularly useful when budgeting for a future currency exchange as they allow you to fix a rate in advance

We can also help you optimise your transfer with different order types

Limit Order

If you don't want to transfer your funds at the current rate you can leave a Limit Order with your Account Manager targeting a specific exchange rate. We will automatically execute your transfer when your target rate becomes available.

Stop Loss Order

If you don't want to move your money at the current rate but are concerned that it may worsen and wish to control this risk, you can ask us to execute your transfer if the exchange rate deteriorates to your specified level. This allows you to wait for a better rate, but lock in a worst-case rate should the market move against you.

Regular Overseas Payments

Many people who live or work abroad find they have to make smaller recurrent foreign currency transfers, perhaps to meet mortgage payments or manage a pension.

While you can use your bank to manage these sorts of transfers, some charge transfer fees which can really add up over the course of the year.

With the TorFX Regular Overseas Payments service you can arrange for transfers to be made automatically every month, at a competitive rate of exchange and on a fee-free basis.

It is a pleasure to deal with TorFX!

I have been buying Dollars through TorFX for about 6 years now and would not try anyone else. The person I deal with is always very helpful and honest and gives me information which helps me a great deal in deciding the best times to buy. I find their rates compare very favourably with other companies and I have already recommended them to my friends and will continue to do so.

Neil Bowerbank

So very helpful!

We would like to take this opportunity to thank the TorFX team for the excellent service they provided. Our Account Manager was my "voice in the dark", her professional approach coupled with a fabulous sense of humour made for smooth and easy transactions, ensuring that everything was completed at the correct time. We would not hesitate to recommend this company, you are in safe hands.

Jackie Williams

Excellent service and great rates

We have been using TorFX for regular transfers every month for the last three years. During this time I have found the staff to be extremely helpful and efficient. Having one contact to deal with means you get personal service. When that person is not available someone else steps in and deals with any queries you may have. The online transfer facility means I can transfer money when it is convenient to me. We cannot recommend TorFX highly enough.

What our customers had to say about us.

How to Register

Registering as a customer with TorFX is quick and straightforward

Registering as a customer with TorFX is very straightforward and you can complete our registration form online or over the phone.

Once your details have been confirmed your Account Manager will give you a ring to say 'hello', introduce themselves and talk through your requirements.

From that point on, whether you decide to arrange your transfers over the phone or online, they will be there to answer any questions you might have about foreign exchange, exchange rates and getting the best return on your transfer.

You can access your online account 24/7 and arrange transfers as and when you want them. But if you prefer the personal touch, making a transfer over the phone is just as easy.

When you're ready to move your money your Account Manager will confirm the current trading rate and execute transfers on your

instruction – the process is completely transparent and no contract is booked without your explicit confirmation.

You will also be sent a Contract Note outlining the terms of your transfer. Once your transfer is booked you will be asked to pay TorFX in the sale currency so that the exchange can be completed and your purchased currency sent straight to your nominated account.

Dependent on the contract selected and the currencies involved, the converted currency is usually transferred to the recipient account within 1 to 2 working days, although if we have funds on account prior to booking your trade the payment will be made immediately subject to normal banking cut off times.

Whatever your requirement, your Account Manager will be there to help you make the most from your international money transfers.

**Whatever your requirement,
your Account Manager will be there to help**

Frequently Asked

Answers to Common Queries.

What are the benefits of using TorFX over my bank?

There are a number of benefits to using TorFX to manage your international money transfers – not least having the potential to achieve a more competitive exchange rate. You'll also avoid having to pay transfer fees and will have the constant support of your own dedicated Account Manager.

Will my money be safe with TorFX?

Ensuring the total security of client funds is hugely important to us and we have a number of procedures in place so you never have to worry. As well as being authorised as an Electronic Money Institution (EMI) by the FCA, we operate segregated client accounts, adopt stringent compliance procedures and hold the highest level of creditworthiness with Dun & Bradstreet. Check out our website for more information about how we keep your money safe.

How much does it cost to transfer money abroad?

At TorFX we believe connecting currency should be free, so we won't charge you a thing outside of the actual exchange rate we quote. As well as seeing immediate savings by avoiding additional costs like transfer fees, you'll also get more for your money by securing a highly competitive exchange rate.

How long will my transfer take?

We like to get your money where it needs to be as quickly as possible. While the amount of time a transfer takes can depend on the currency, destination and receiving bank, the funds should be in your account on the same day or within no more than two working days for more exotic destinations.

Is there a minimum or maximum transfer amount?

We don't have a maximum transfer limit and our range of services mean you can save money whatever the size of your transfer. Our Regular Overseas Payments service is designed for recurrent transfers of between £500 and £10,000 but with our online platform you can also move as little as £100 on a fee-free basis. Additionally, if you need holiday money for those two hard-earned weeks in the sun, we'll put you in touch with our recommended cash provider. Whether you need to transfer £100 or £1,000,000, we can help.
